

Full abstract listing 2014

Alphabetical index of authors can be found [here](#).

Click on abstract numbers to view full abstract (you need to be logged on as a delegate to view full details)

Click on titles (if underlined) to view PDF ePoster.

The numbers refer to abstracts of submitted free papers.

Abstracts starting with number 1 are presented on Thursday, [click here to view detailed schedule](#).

Abstracts starting with number 2 are presented on Friday, [click here to view detailed schedule](#).

Abstracts starting with number 3 refer to video presentations; with number 5 to ePoster presentations.

2014 Oral free papers and ePosters

no	title	author	screen
Oral presentations on Thursday			
Thursday - 9:00am - 9:45am - 8 papers - x8 Orbit - 101-108			
101	Orbito palpebral Plexiform Neurofibromatosis - A Classification system based on 55 consecutive cases	Christopher Abela	
102	Appearance concern and social avoidance in patients with thyroid eye disease: A cross-sectional study	Sadie Wickwar	
103	Risk of retinopathy after radiation treatment for orbital disease- a case series	Aneesa Nazreen Rahim	
104	Clinical diagnostic accuracy of neuro-ophthalmic and orbital disease as supported by neuroimaging (ePoster received - click title to view)	Sarith Makuloluwe	8
105	Orbital Exenteration: A 5-year Experience at a Specialist Ocular Oncology Unit	Imran Haq	
106	Orbital Solitary Fibrous Tumour - a Case Series	Anupma Kumar	
107	Orbital Malignant Triton Tumour	Aruna Dharmasena	
108	Lacrimal sac Lymphoepithelioma-like carcinoma (LELC)	Aruna Dharmasena	
Thursday - 11:15am - 12:00pm - 8 papers - x5 Lacrimal + x3 Miscellaneous - 109-116			
109	SURF Point Detection and KLT analysis of camera control in Endoscopic DCR (EnDCR)	James Wawrzynski	
110	Outcomes Of Endoscopic Dacryocystorhinostomy Performed By Trainee Oculoplastic Surgeons	Jonathan Norris	

no	title	author	screen
111	Botulinum Toxin Injection for the Treatment of Epiphora in Lacrimal Outflow Obstruction	Kimia Ziahosseini	
112	Lacrimal Sac Tumours in a Tertiary Referral Centre	Aruna Dharmasena	
113	Quality of Life Improvement From Dacryocystorhinostomy Surgery	Kenny Chan	
114	A Fair Exchange - Enucleation volumes in a normal population	Thomas Kersey	
115	The Versatility of the Temporoparietal Fascial Graft (TPFG) in Orbital Implant Exposure (ePoster received - click title to view)	Anjana Haridas	8
116	Outcomes of Enucleation for Retinoblastoma at Birmingham Children's Hospital	Fariha Shafi	
Oral presentations on Friday			
Friday - 9:00am - 10:00am - 11 papers - x11 Oculoplastic - 201-211			
201	Neurovasculature Of Platysma In Facial Reanimation Around The Orbit	Grace Hui Chin Lim	
202	Peri-ocular Necrotising Fasciitis: A Multi-Centre Case Series	Saul Rajak	
203	Upper eyelid skin contracture in facial paralysis	Kimia Ziahosseini	
205	Outcomes of lower eyelid transconjunctival blepharoplasties with fat repositioning	Anupma Kumar	
206	Outcome of Xanthelasma treated with argon photocoagulation	Aneesa Nazreen Rahim	
207	Safety and efficacy of two-stage excision for periocular BCCs (ePoster received - click title to view)	Kieren Darcy	8
208	Effect of Manuka honey on wound healing: Randomised controlled study on surgical upper eyelid skin wounds (ePoster received - click title to view)	Cornelia Poitelea	8
209	Delayed Skin Graft after Debridement for Surgical Treatment of Periorbital Necrotising Fasciitis	Mark Sigona	
210	Use of Negative Pressure Wound Therapy in Complicated Preseptal Cellulitis with Abscess and Necrotizing Fasciitis	Rubén López-Oliver	
211	Ptosis and Neurofibromatosis – a surgical algorithm	Richard Scawn	
Friday - 11:20am - 12:00pm - 7 papers - x7 Miscellaneous - 212-218			
212	Does Oculoplastic Coding Matter? (ePoster received - click title to view)	Pierre Rautenbach	8
213	Congenital anophthalmia & microphthalmia management in a Tertiary Referral Centre	Aruna Dharmasena	
214	Diagnostic accuracy of benign lid lesions: Nurse vs. Doctor-Led Service (ePoster received - click title to view)	Abhijit Mohite	8

no	title	author	screen
215	The Use of Fresh Amniotic Membrane Graft in the Management of Conjunctival Lesions: Two year Follow Up Data From Sheffield Ocular Oncology Centre	Umiya Agraval	
216	Periosteal Muscle Anchoring for Large Angle Incomitant Squint – a multidisciplinary approach (ePoster received - click title to view)	tarang gupta	8
217	Sensory inhibition in periocular facial dystonias	Tahrina Salam	
218	Functional mid-face lift - does it stand the test of time and gravity?	Richard Scawn	
Video presentations			
301	An easy, effective lacrimal punctal widening technique using Kelly's punch.	Hidayat Ullah Bhutto	
302	Parallel demonstration of Endoscopic and External DCR (Dacrocystorhinostomy).	Hidayat Ullah Bhutto	
303	The access 'finger septoplasty'	Thomas Jackson	
304	Small incision lateral direct brow lift in brow ptosis	Naeem Haq	
ePoster presentations - Lid			
501	Management of Giant Fornix Syndrome with irrigation with Povidone Iodine (ePoster received - click title to view)	Rushmia Karim	1
502	PlayDoh models are a very effective tool for teaching eyelid anatomy. (ePoster received - click title to view)	Fiona Jazayeri	1
503	Ptosis surgery in the elderly (ePoster received - click title to view)	Ahsen Hussain	1
504	Smoothing the hedgehog (ePoster received - click title to view)	Vasilios Papastefanou	1
505	Keeping it in the Lid: the use of sandwich flaps and grafts in upper eyelid reconstruction (ePoster received - click title to view)	Michelle Ting	1
506	External weight for temporary treatment of facial paralysis (ePoster received - click title to view)	Kimia Ziahosseini	1
507	The reverse Hughes flap for the reconstruction of a total upper eyelid defect (ePoster received - click title to view)	Simran Mangat	1
508	Patient satisfaction after ptosis surgery (ePoster received - click title to view)	Ahsen Hussain	1
509	Alternative management for floppy eyelid syndrome (ePoster received - click title to view)	Rishika Chaudhary	1
510	Two Interesting Presentations of Ocular Plexiform Neurofibroma (ePoster received - click title to view)	Adeela Malik	2
511	Platinum segments: a new option for adjustable upper eyelid loading (ePoster received - click title to view)	Cornelia Poitelea	2

no	title	author	screen
512	The surgical management of periocular complications from the use of the dermal filler Novabel ® (ePoster received - click title to view)	Anupma Kumar	2
513	Medial spindle with buried cutaneous suture: technique and results (ePoster received - click title to view)	Marta Perez-Lopez	2
514	Keratoacanthoma or squamous cell carcinoma in a 42 year old man? (ePoster received - click title to view)	Marta Perez-Lopez	2
515	The use of a PEEK (Polyetheretherketones) Implant to reconstruct the Mid-face Region (ePoster received - click title to view)	Rumana Hussain	2
516	Finasteride induced eyelid swelling (ePoster received - click title to view)	Tsong Kwong	2
517	Excision of Periocular BCC – what is the safe depth for the deep surgical margin?	Tristan McMullan	
518	A Novel Virtual Template for Graft-Free Excision of Large Upper Eyelid Lesions (ePoster received - click title to view)	James Laybourne	2
519	Posterior approach white line advancement ptosis repair: modification of the Malhotra technique. (ePoster received - click title to view)	Faye Mellington	3
520	Instant, adjustable, non-surgical ptosis solution (ePoster received - click title to view)	Khadijah Basheer	3
521	Ptosis Surgery: How to break the barriers and improve accuracy of audit (ePoster received - click title to view)	Vijay Wagh	3
522	Malignant transformation of an eyelid kissing naevus in an 8-year-old boy. (ePoster received - click title to view)	Angelos Sinapis	3
523	Anterior Approach Ptosis Surgery Under Topical Anaesthesia (ePoster received - click title to view)	Chris McLean	3
525	Sebaceous cell carcinoma: A double masquerade (ePoster received - click title to view)	Morag Adams	3
526	Predicting periorbital soft tissue outcomes in hypertelorism surgery. A radiologic study of 18 patients and 30 controls.	Tharsika Karunakaran	
527	Multi-disciplinary rehabilitation in Ablepharon Macrostomia Syndrome (ePoster received - click title to view)	Marta Perez-Lopez	3
528	Audit of Posterior approach white line advancement ptosis repair (ePoster received - click title to view)	Simran Mangat	3
529	Merkel cell carcinoma caused and complicated by viral infection (ePoster received - click title to view)	Daniel Morris	3
530	Modified Quickert procedure to correct entropion	oral adil bekir	
531	Evaluating the Agreement Between GP's and Ophthalmologist's in Diagnoses Concerning Eyelid Lesion (ePoster received - click title to view)	Georgios Agorogiannis	4

no	title	author	screen
533	Primary intraepithelial sebaceous cell carcinoma treated with mitomycin C and imiquimod (ePoster received - click title to view)	Andrea Zarkovic	4
534	The nasolabial flap in facial palsy reconstruction. (ePoster received - click title to view)	Bejal Shah	4
535	The Mitek anchor in oculoplastic surgery (ePoster received - click title to view)	Olivia Li	4
536	Appropriate diagnosis and management of Floppy Eye Lid Syndrome	Sudheer Dhanireddy	
537	Development of an algorithm for objectively determining tarsus curvature using ultrasound videos	Olivia MacVie	
ePoster presentations - Orbits			
538	Primary orbital angiosarcoma – a treatment dilemma (ePoster received - click title to view)	Nazila Ahmad Azli	5
539	Magnetic Resonance Elastography of extraocular muscles - a new application (ePoster received - click title to view)	Ahsen Hussain	5
540	New management strategies for periorcular and orbital amyloidosis in a tertiary UK service (ePoster received - click title to view)	Naeem Haq	5
541	Unusual presentations of cranial meningiomas (ePoster received - click title to view)	Tsong Kwong	5
542	Ocular-Facial Prostheses - the Journey towards Cosmetic Rehabilitation: A 5-year Experience at a Specialist Ocular Oncology Unit (ePoster received - click title to view)	Imran Haq	5
543	To scan or not to scan, when to scan & what to scan?	Thomas Jackson	
544	Benign Reactive Lymphoid Hyperplasia presented with unilateral ptosis (ePoster received - click title to view)	Hatice Deniz Ihani	5
545	Frontal sinus osteomas: a report of 2 cases. (ePoster received - click title to view)	Maria Dimitry	5
546	A proposal for a gold standard multidisciplinary orbital trauma pathway (ePoster received - click title to view)	Stacey Strong	6
547	A Case Of Spontaneous Superior Ophthalmic Vein Thrombosis (ePoster received - click title to view)	Princeton Wen-Yuan Lee	6
549	Xanthogranuloma of orbit: A case presentation and review of the literature (ePoster received - click title to view)	Aruna Dharmasena	6
550	Inferior ophthalmic vein thrombosis following insertion of acrylic orbital implant (ePoster received - click title to view)	Morag Adams	6
551	Orbital Schwannoma : Difficulty in diagnosing owing to its different manifestations. (ePoster received - click title to view)	Nazila Ahmad Azli	6

no	title	author	screen
552	Subdural Hygroma Presented As Ipsilateral Swollen Eyelids and Proptosis: a Case Report (ePoster received - click title to view)	Georgios Agorogiannis	6
553	Malignant solitary fibrous tumour: a management dilemma (ePoster received - click title to view)	Anupma Kumar	6
554	Noninvasive classification of orbital tissue pathology based on texture parameters from contrast-enhanced magnetic resonance images (ePoster received - click title to view)	Tom Fearnley	6
ePoster presentations - Lacrimal			
555	The Results of Silicone Tube Intubation in Canalicular Injury	Gokhan Kaya	
556	Lacrimal gland stone expulsion secondary to vomiting (ePoster received - click title to view)	Edward Casswell	7
557	Monocanalicular Nasolacrimal Duct Intubation: A suitable alternative to dacryocystorhinostomy? (ePoster received - click title to view)	Ankur Raj	7
558	Survey of current trends in Dacryocystorhinostomy (ePoster received - click title to view)	Tsong Kwong	7
559	Primary punctoplasty and the role of dacryoscintigraphy	Thomas Jackson	
560	Characterisation of the Lacrimal Punctum using Spectral Domain Anterior Segment Optical Coherence Tomography (ePoster received - click title to view)	Hannah Timlin	7
562	Pearls of Epiphora: "Tears are not always as clear as they seem" (ePoster received - click title to view)	Tejal Patel	7
563	Is CT Dacryocystography a worthwhile investigation? (ePoster received - click title to view)	Amy-Lee Shirodkar	7
564	An illuminating case of a hard to find cause of blood in the tears (ePoster received - click title to view)	Ebube Obi	8
565	Rare case of mixed squamous transitional cell carcinoma of the lacrimal sac (ePoster received - click title to view)	Abhirami Devi Mohanasundram	8
566	Epiphora due to lacrimal drainage system metastasis from colorectal adenocarcinoma. (ePoster received - click title to view)	yusuf uysal	8
ePoster presentations - Socket / Misc			
567	Amniotic Membrane Transplantation in malignancy involving the conjunctiva (ePoster received - click title to view)	Varajini Joganathan	9
568	Eviseration/Enucleation Audit (ePoster received - click title to view)	Rishika Chaudhary	9
569	Two week wait in adnexal oncology: achieving the target but not the purpose (ePoster received - click title to view)	Vijay Wagh	9
570	Slit lamp dermatoscopy (ePoster received - click title to view)	Pouya Alaghband	9

no	title	author	screen
571	A new technique in evisceration (ePoster received - click title to view)	Simon Rogers	9
572	Which surgical dressing should I use? (ePoster received - click title to view)	Tsong Kwong	9
573	primary localised conjunctival amyloidosis presenting as ptosis in a child	oral adil bekir	
574	History of trauma causes the delay in diagnosis of neuroblastoma (ePoster received - click title to view)	yusuf uysal	9
575	Phantom Eye Syndrome (ePoster received - click title to view)	Varajini Joganathan	9
576	Evisceration: A useful technique in the military trauma setting? (ePoster received - click title to view)	Rebecca Ford	9
ePoster presentations - Thyroid			
577	Using non-echoplanar diffusion-weighted MRI to assess treatment response in active Graves' orbitopathy: 2 case reports (ePoster received - click title to view)	Ailsa Ritchie	10
578	Simplified Thyroid Eye Disease Grading Proforma (ePoster received - click title to view)	Allaeldin Abumattar	10
579	Description and evaluation of the first national 'patient and public involvement' (PPI) day for thyroid eye disease (TED) (ePoster received - click title to view)	Henry Smith	10
580	Graves' Orbitopathy in HIV Positive Patients on Highly Active Antiretroviral Therapy: Clinical Challenges and Management Pearls (ePoster received - click title to view)	Matthew Edmunds	10
581	The Role of Azathioprine in the Management of Thyroid Associated Ophthalmopathy (TAO) (ePoster received - click title to view)	Aruna Dharmasena	10
585	Autologous tissue for correction of complex thyroid upper lid malposition (ePoster received - click title to view)	Marta Perez- Lopez	10
ePoster presentations - Paeds			
586	Congenital cystic eye with optic nerve (ePoster received - click title to view)	Anjana Haridas	10
