12:15 – 13:30 Lunch at the trade exhibition and posters at Brodrick Hall, Leeds City Museum

Session 3: Free Papers

- 13:30 – 14:20 Moderators - Mr George Kalantzis & Mr Nikos Koutroumanos
13.30 Moderators' introduction
13.35 pm Predictive demographic and clinical features for the development of Dysthyroid Optic Neuropathy in a multi-ethnic Thyroid Eye Disease population - Malik Moledina, Imperial College Healthcare NHS Trust (202)
13.40 pm Teprotumumab Update: Top US prescriber's real-world personal experience of over 200 TED patients with respect to broadening treatment indications based on clinical study findings - Steven Leibowitz, UCLA (203)
13.45 pm A "Real life" study of thyroid eye disease (TED) following radioactive iodine (RAI) therapy - John Vekinis, Imperial College Healthcare NHS Trust (205)
13.50 pm Interleukin-6 (IL-6) Receptor Signalling Inhibition With Satralizumab in Thyroid Eye Disease (TED): Phase 3 SatraGO-1 and SatraGO-2 Trial Design - Daniel Ezra, Kaiser Permanente, Fresno, USA (211)
13.55 pm Correlation of Graves ophthalmopathy-quality of life (GO-QOL) scores to demographic and clinical features in a Thyroid Eye Disease (TED) cohort - Simrun Virdee, Mid and South Essex NHS Foundation Trust (213)
14.00 pm A 20-year review of orbital biopsy at the Newcastle Eye Centre - Yanmei Chen, Royal Victoria Infirmary, Newcastle Upon Tyne (216)
14.05 pm Presentation of orbital metastases - Allan Nghiem, Moorfields Eye Hospital (210)
14.10 pm A novel training session: Mixed reality evisceration surgery webinar Li Yen Goh, Barts and the London School of Medicine and Dentistry – (204)
14.15 pm Closing remarks by Moderators

Session 4: Keynote

- 14:20 – 14.50 Staged surgical rehabilitation of the patient with thyroid related orbitopathy: technical details - Prof Bob Goldberg

14.50 – 15:25 Refreshments at the trade exhibition and posters at Leeds City Museum

Session 5: Orbit

- 15:30 – 16:00 Sclerotherapy for orbital vascular disease – Dr Alex Barnacle
16:00 – 16:30 Role of the Interventional Radiologist in orbital vascular disease – Prof Tufail Patankar
16:30 – 17:00 Management of optic nerve glioma - Dr Sue Picton and Mr Ian Simmons
17:00 – 17:15 Questions for all sessions
17:20 – 18:00 AGM – FULL BOPSS members only
18:00 Close of meeting
19:00 Dinner: ASPIRE, 2 Infirmary Street, Leeds

Friday 21st June 2024 - Conference Day 2

08.30 Registration with refreshments in the Carriageworks

**09.15 All lectures in Carriageworks
Welcome, housekeeping and introductions**

Mr. George Kalantzis, Leeds

Session 1: Free Papers

09:25 – 10:45 Moderators – Mr Nabil El-Hindy & Miss Egle Rostron

09.25 am Moderators' introduction

09.30 am Plug or Punctoplasty (POPPY) study: A randomised double-masked study investigating the perforated punctal plug as an alternative to the three snip punctoplasty for the treatment of acquired lacrimal punctum stenosis - John Vekinis, Moorfields Eye Hospital (317)

09.35 am Adnexal microcystic adnexal carcinoma - case series and review of literature - Mimi Chiu, Gartnavel General Hospital (306)

09.40 am Acute ophthalmoplegia following zygomatic hyaluronic acid filler injection - Peter Garside, Manchester Royal Eye Hospital (303)

09.45 am A unique presentation of a spindle cell sarcoma of left hand thenar eminence with metastasis to the eyelid - Haider Zaki, Royal Hallamshire Hospital (305)

09.50 am Botulinum Toxin Injection for Hemifacial Spasm and Benign Essential Blepharospasm: A Systematic Review and Meta-Analysis comparing Pretarsal and Preseptal Injection Techniques - Muhammad Ashhad Noor, Manchester Royal Infirmary (302)

09.55 am Care Report on eyelid angiosarcoma: A very aggressive rare eyelid tumor mimicking an eyelid abscess - Awais Rauf, University Hospital of Wales (314)

10.00 am Assessing outcome data from the newly established virtual oculoplastic photography clinic in a secondary care centre - Daniel Curry, Maidstone Hospital (304)

10.05 am Recurrence rate in patients who had clinical tumour regression following diagnostic punch biopsy of peri-ocular basal cell carcinoma: 5 year data Gibran Butt, University Hospital Coventry and Warwick 309

10.10 am Artificial Intelligence in Oculoplastics: A Survey-based Study on Provider Perspective - Balazs Fazekas, QMC, Nottingham (301)

10.15 am Objective assessment of eyelid metrics for Oculoplastic surgery using an AI model - Mohsan Malik, Moorfields Eye Hospital (307)

10.20 am SUTURE StudY (SUSY): Randomised controlled trial to compare tissue reactions and scarring with polypropylene vs. polyglactin 910 sutures in periocular skin - Tessa Fayers, Imperial College Healthcare NHS Trust (308)

10.25 am Secondary Intention Healing Following Mohs Micrographic Surgery: 17 years of experience Felicity Allen, Cambridge University Hospitals (310)

10.30 am Image-Guided Navigation in Orbital Tumour Surgery: A Comparative Cohort Study - Amy O'Regan, Royal Victoria Eye and Ear Hospital Dublin (312)

10.35 am Challenges and Outcomes in Paediatric Pencil-Related Orbital and adnexal Injuries: A Case Series, literature review and a safety alert. - Hamza Abdou University Hospitals of Leicester (313)

- 10.40 am Warmed versus non-warmed local anaesthesia in oculoplastic surgery - Andrew Ross Ipswich Hospital (315)
- 10.45 am Cemiplimab, a Programmed-cell-death-1(PD-1) protein inhibitor, for the treatment of locally advanced and metastatic cutaneous squamous cell carcinoma of the head and neck “real world data” - Holly Clarke Queen Alexandra Hospital (311)
- 10.50 am Closing remarks by Moderators
- 10.55 – 11:25 **Refreshments at the trade exhibition and posters at Brodrick Hall, Leeds City Museum**

Session 2: PEEK Implants - Chaired by Mr Bernard Chang, Leeds

- 11.30 – 11.55 PEEK implants: The Birmingham experience – Mr Kevin McMillan
- 11.55 – 12:20 PEEK implants: The Leeds experience – Mr Jiten Parmar
- 12.20 – 12.30 Use of orbital rare earth magnets - Mr David Verity
- 12.30 – 12.45 Questions
- 12.45 – 13.55 **Lunch at the trade exhibition and posters at Brodrick Hall, Leeds City Museum**

Session 3: BOPSS Announcements and prizegiving

- 14.05 Chaired by Mr Colin Vize, President of BOPSS
- 14.10 – 14.15 BOPSS 2025 Brighton – Mr Saul Rajak and Mr Andre Litvin, Brighton
- 14.15 – 14.25 BOPSS Photography workshop taster – Mr Tim Zoltie, Leeds
- 14.25 – 14.40 Annual prizegiving – Mr Colin Vize, President of BOPSS

Session 4: The Oculoplastic vs Oculofacial Surgeon

- 14.40– 14.45 Introduction - Mr Colin Vize, President of BOPSS
- 14.45 – 14.55 Results of the Junior Oculoplastic Surgeons survey – Mr Taras Gout & Mr Luke Sansom
- 14.55 – 15.30 The USA Journey to Oculofacial Surgery - Prof Don Kikkawa & Prof Bob Goldberg
- 15.30 – 15.45 Round up & vote: Should the UK follow the journey to Oculofacial surgery?
- 15.45 – 16.00 Closing remarks and farewell
- 16.00 End
