

SCIENTIFIC PROGRAMME
UPDATE DAY
Wednesday 21st June 2017
Royal Society of Medicine, London

- 08.15 Registration at the Exhibition with coffee and pastries**
- 08.45 Welcome, housekeeping and introductions**
Mr. Hugo Henderson, London
- 08.55 Session I**
Upper Eyelid and Brow
Chairman – Mr Raman Malhotra, East Grinstead & Mrs Sabrina Shah-Desai, Essex
- 09.00 Applied anatomy of upper and Lower Eyelid
Mr Bijan Beigi, Norwich, East Anglia
- 09.08 Anterior approach ptosis surgery
Mr Ben Parkin, Bournemouth
- 09.14 Posterior approach ptosis
Mr Raman Malhotra, East Grinstead
- 09.22 Marking the upper eyelid blepharoplasty
Mr Ric Caesar, Cheltenham
- 09.30 Asian blepharoplasty
Professor Yoon-Duck Kim, Republic of Korea
- 09.40 Aesthetic upper eyelid surgery in TED
Dr Raymond Douglas, USA
- 09.48 Browlifting
Mr Saj Atallah, Manchester
- 09.56 The Interdependence of the Forehead and the Upper Eyelid in Rejuvenating the Upper Orbit
Dr Timothy Marten, Plastic Surgeon, San Francisco
- 10.06 Avoiding complications in blepharoplasty
Mr Simon Woodruff, Cambridge
- 10.16 Discussion
- 10.30 Tea, Coffee and Posters at the trade exhibition**
- 11.00 Session II**
Rejuvenation options of the lower eyelids and midface
Chairman – Mr Naresh Joshi, London & Mr Richard Scawn
- 11.00 Regulation of Cosmetic Surgery in the UK
Mr Simon Withey, Consultant Plastic Surgeon, London
- 11.15 Trans-conjunctival approach to the lower lids
Mr Hugo Henderson, London
- 11.35 Trans-cutaneous approach to the lower lids
Mr Naresh Joshi, London
- 11.55 Trans-conjunctival approach to the midface
Dr Ramón Medel, Barcelona
- 12.15 Trans-cutaneous approach to the midface
Mr Brian Leatherbarrow, Manchester
- 12.35 Peri-orbital Fat Grafting: A New Paradigm for Rejuvenation of the Eyelids
Dr Timothy Marten, Plastic Surgeon, San Francisco
- 12.55 Discussion
- 13.00 Lunch and Posters at the trade exhibition**

- 13.55 **Session III**
Orbital & Adnexal Trauma: Challenges, Controversies, Advances
Chairman – Mr Andrew Coombes, London & Mr Jonathan Norris, Oxford
- 14.00 The Oculoplastic perspective
Dr Ramón Medel, Barcelona
- 14.20 The Max-Fax perspective
Prof Simon Holmes, Consultant Oral & Maxillofacial Surgeon, London
- 14.40 Advances and late reconstruction of the orbit and periorbital
Mr Niall Kirkpatrick, Consultant Plastic Surgeon, London
- 15.00 The Patient perspective?
Mr Andrew Coombes, London
- 15.20 Discussion
- 15.30 Tea, Coffee and Posters at the trade exhibition**
- 16.00 Session IV**
TED update - Best practice: assessment and management options
Chairman – Mr Jimmy Uddin, London & Miss Rachna Murthy, East Anglia
Brief case presentation followed by a structured reply with panel members' further comment and discussion
Cases 1 & 2 Active Mild with lid retraction and mild proptosis. No significant motility problems
Case 3 Active moderate. Chemosis, proptosis, motility problems (no optic neuropathy)
Case 4 Severe. Active with more severe signs with impending or early optic neuropathy
- 16.05 **Cases 1 & 2** – Case 1 presented by Rachna Murthy and Case 2 presented by Jimmy Uddin
What are the key clinical, biochemical, radiological risk factors for active TED?
- 16.08 How would you assess and manage them?
Dr Vivian Yin, British Columbia
- 16.16 What is the best management of their endocrine status?
Miss Rachna Murthy, East Anglia
- 16.21 How would you manage this case?
Dr Raymond Douglas, USA
- 16.31 Additional comments from panel and discussion
- 16.40 **Case 3** presentation by Jimmy Uddin
- 16.43 Are there any additional test or investigations to perform?
Dr Raymond Douglas, USA
- 16.48 How would you manage this case?
Dr Vivian Yin, British Columbia
- 16.58 Additional comments from panel and discussion
- 17.05 **Case 4** presentation by Jimmy Uddin
- 17.08 Are there any additional test or investigations to perform?
Dr Vivian Yin, British Columbia
- 17.13 How would you manage this case?
Dr Raymond Douglas, USA
- 17.23 Additional comments from panel and discussion
- 17.30 Close of Meeting**
- 17.30 Welcome Reception at Royal Society of Medicine**

SCIENTIFIC PROGRAMME
Thursday 22nd June 2017
Royal Society of Medicine, London

- 08.15 Registration at Exhibition with coffee and pastries**
- 08.50 Welcome, housekeeping and introductions**
Mr. Hugo Henderson, London
- 08.55 Session I**
A Multidisciplinary Thyroid Eye Disease session with the aim of enabling equitable patient access for TED services on a regional basis
Chairman – Miss Vickie Lee, London
- 09.00 Improving access for specialised TED services with TEAMEd
Professor Colin Dayan, Professor of Clinical Diabetes and Metabolism, University of Cardiff
- 09.10 How to share good practice within and between different specialities
Professor Stephen Robinson, Consultant Endocrinologist, Imperial College London
- 09.20 Benchmarking Thyroid Eye Disease Services
Miss Rachna Murthy, East Anglia
- 09.30 Mapping and signposting of Regional Thyroid Eye Services
Miss Vickie Lee, London
- 09.40 A snapshot of MDT Thyroid Services around the UK
(09.40) Miss Faye Mellington (Birmingham), (09.44) Miss Rebecca Ford (Bristol), (09.48) Miss Anjana Haridas (Cardiff), (09.52) Mr Steven White (Belfast), (09.56) Paul Cauchi (Scotland)
- 10.00 Session II**
Free Papers – Thyroid Eye Disease
Chairman – Miss Rachna Murthy, East Anglia & Miss Priya Bhatt, Bolton
- 10.05 Unravelling the code of Graves' Orbitopathy - The importance of serial TSH-Receptor Antibody levels in predicting prognosis and the impact of smoking, Radioiodine and Thyroidectomy - Vignesh Paulpandian
- 10.10 Measurement of changes in orbital compliance following orbital decompression surgery: a new quantitative technique - Richard Hart
- 10.15 Phenotypes in Thyroid Eye Disease - Jimmy Uddin
- 10.20 An Audit of the Use of Radiotherapy in Thyroid Eye Disease (TED) at a Tertiary Referral Centre - James Young
- 10.25 A British Ophthalmological Surveillance Unit (BOSU) study into dysthyroid optic neuropathy - Yun Wong
- 10.30 Proposing audit standards for joint thyroid eye disease clinics: a 5 year audit of the patient pathway - Sonali Nagendran
- 10.35 Combined IntraVenous methylprednisolone with orbital radiotherapy for the treatment of thyroid eye disease. The Sheffield experience - Konstantinos Kopsidas
- 10.40 Application of 3D imaging system for orbital volume changes after orbital decompression on Thyroid Eye Disease - Fabiola Murta
- 10.45 Tea, Coffee and Posters at the trade exhibition**
- 11.15 Session III**
Lacrimal
Chairman – Miss Jane Olver, London & Mr Hugo Henderson, London
- 11.20 Nasolacrimal duct dysfunction in children
Dr Ashok Grover, New Delhi
- 11.32 The harmony of DCR
Miss Jane Olver, London

- 11.44 Predictive Factors in TELDR (Transcanalicular Endoscopic Lacrimal Duct Recanalization)
Dr Reynaldo M. Javate, Philippines
- 12.01 Management of Canalicular Obstruction
Professor Yoon-Duck Kim, Republic of Korea
- 12.13 Discussion
- 12.30 **Session IV**
Guest Lecture
Breakthrough Therapy for TED
Dr Raymond Douglas, USA
- 13.00 Lunch and posters at the trade exhibition**
- 14.00 Session V**
Free Papers – Eyelids and Eyelid Tumours
Chairman – Mr. Daniel Morris, Cardiff & Mr. Henry Smith, Maidstone
- 14.05 UV imaging reveals areas on the face that are prone to skin cancer are disproportionately missed during sunscreen application - Kareem Hassanin
- 14.10 Evaluating eyelid profile after ptosis repair - Christopher Schulz
- 14.15 Primary mucinous carcinoma of the eyelid - John Bladen
- 14.20 5% Imiquimod for Superficial, Nodular and Mixed Type Basal Cell Carcinoma: 3- Year Results - Dimitra Gousia
- 14.25 The national incidence of squamous cell carcinomas in England over a fifteen-year period - James Wawrzynski
- 14.30 Corneal Neurotization: Restoration of Corneal Sensation with Regional Nerve Grafts – Ramon Malhotra
- 14.35 Considerations of upper blepharoplasty with respect to skin excision and skin crease position: a prospective study of 150 cases - Paul Rosser
- 14.40 Peri-Ocular and Facial Lipofilling - Michel Tazartes
- 14.45 Session VI**
Skin Tumours
Chairman – Miss Claire Daniel, London
- 14.50 Medical management of skin tumours
Dr Vivian Yin, British Columbia
- 15.10 Management of pigmented conjunctival lesions
Professor Mandeep Sagoo, London
- 15.30 Panel Discussion – how do you manage difficult skin tumours?
- 15.45 Tea, Coffee and Posters at the trade exhibition**
- 16.15 Session VII**
International
Chairman – Mr. Naresh Joshi, London & Mr. Ben Parkin, Bournemouth
- 16.15 Understanding the complexity of capacity building: Lessons from Nepal
Dr Vivian Yin, British Columbia
- 16.30 Facing up to the mammoth challenge of blindness in India
Dr Ashok Grover, New Delhi
- 16.45 Geopolitics and a Syndicate for Change: St John in the modern world
Mr David Verity, London
- 17.00 AGM**
- 17.45 Meeting Close**
- 19.30 Gala Dinner at The Dorchester Hotel, London**

SCIENTIFIC PROGRAMME

Friday 23rd June 2017

Royal Society of Medicine, London

- 08.15 Registration at Exhibition with coffee and pastries**
- 08.50 Welcome & Introductions**
Mr. Hugo Henderson, London
- 08.55 Session I**
Paediatric Oculoplastics
Chairman – Prof Richard Collin, London & Mr. Yassir Abou-Rayyah, London
- 09.00 Amblyopia
Professor Richard Collin, UK
- 09.15 New ptosis surgical approaches to prevent amblyopia
Dr Francesco Quaranta Leoni, Rome
- 09.30 Frontalis muscle ptosis surgery
Dr Ramón Medel, Barcelona
- 09.45 Anophthalmia, microftalmia and cysts: clinical features and management
Dr Alessandra Modugno, Roma
- 10.00 The genetics of microphthalmos and anophthalmos
Professor Nicola Ragge, Birmingham
- 10.15 Discussion
- 10.30 Session II**
Free Papers – Paediatric & Lacrimal
Chairman – Mr. Daniel Ezra, London & Miss Tessa Fayers, London
- 10.35 Compliance of Systematic Reviews in Ophthalmology with the PRISMA Statement - Seon-Young Lee
- 10.40 The Ophthalmology Surgical Competency Assessment Rubric (OSCAR) for Anterior Approach Ptosis Surgery - Valerie Juniat
- 10.45 Silicone stenting for functional epiphora - Haziq Chowdhury
- 10.50 Influence of Topical Glaucoma Medications in the Presentation Profile and Outcomes of Dacryocystorhinostomy as Compared to a Control Group - Priscilla Mathewson
- 10.55 The impact of epiphora on patients' quality of life - Christopher Schulz
- 11.00 Patient-reported outcomes in epiphora - Christopher Schulz
- 11.05 Improving outcomes of posterior-approach levatorpexy for congenital ptosis with poor levator function - Ilan Feldman
- 11.10 Paediatric nasolacrimal duct obstruction - a review of current management - Ahmad Aziz
- 11.15 Tea, Coffee and Posters at the trade exhibition**
- 11.45 Session III**
Debates
Chairman – Miss Michèle Beaconsfield, London
- Should oculoplastic surgeons do cataract surgery?
Speaker 1 Chris McLean, Surrey; Speaker 2 Tahrina Salam, Devon
- Should cosmetic surgery & treatments be part of pre CCT training?
Speaker 1 Vikas Chadha, Glasgow; Speaker 2 Katya Tambe, Nottingham
- 12.25 Dublin 2018 – Mr Tim Fulcher, Dublin & Mr Gerry Fahy, Galway**
- 12.30 Lunch and Posters at the trade exhibition**

- 13.30 Session IV**
Free Papers – Orbits & Socket
Chairman – Mr. Saj Atallah, Manchester & Mr. George Kalantzis, Leeds
- 13.35 Survival outcomes for primary epithelial malignancies of the lacrimal gland - Sri Gore
 13.40 Retrospective case series of patients presenting with blood in their tears - Hannah Timlin
 13.45 Ptosis Correction In Patients Fitting Prostheses: Tricks And Tips In Pre-Operative Assessment
 - Giorgio Albanese
 13.50 Orbital Malignancies: can we stratify risk at presentation? - Priscilla Mathewson
 13.55 A Case Series of Anophthalmic Socket Cysts Excised Utilising Fibrin Sealant - Yun Wong
 14.00 Challenges in the Management of Massive Optic Nerve Sheath Meningioma - Claire Murphy
 14.05 Unwrapped Hydroxyapatite Orbital Implants: Our Experience in 347 Cases - Manvi Sobti
 14.10 Primary orbital implant replacement for the management of exposed orbital implant - David Curragh
- 14.15 Session V**
Video tips and tricks
Chairman – Mr. Ric Caesar, Cheltenham & Mr. Austin McCormick, Aintree
- Endonasal view of external DCR transconjunctival lower eyelid retractor plication
 Austin McCormick, Aintree
 Transconjunctival fat repositioning lower lid blepharoplasty
 Brian Leatherbarrow, Manchester
 Benefits of sinufoam packing post endoDCR
 Colin Vize, Hull
 StabStabGlide - take cysts out whole
 Ric Caesar, Cheltenham
- 14.45 Tea and Posters at the trade exhibition**
- 15.15 Session VI**
Guest Lecture
 Philosophy and approach to surgical management of TED
 Dr Raymond Douglas, USA
- 15.35 Session VII**
Orbital Tumours
Chairman – Mr. Cornelius René, Cambridge & Mr Bijan Beigi, Norwich, East Anglia
- 15.40 Aesthetic approaches to surgical management of orbital tumours
 Dr Ashok Grover, New Delhi
 15.55 Multidisciplinary approach to difficult vascular tumors of the orbit
 Dr Vivian Yin, British Columbia
 16.10 Lacrimal Gland Lesion Diagnosis and Management
 Mr Raghavan Sampath, Leicester
 16.25 IgG4 Disease
 Dr Hardeep Singh Mudhar, Consultant Eye Pathologist, Sheffield
 16.40 Discussion
- 16.45 Awards and Prizes & Announcements**
- 16.55 Close of Meeting**
