09.15 Registration at the Exhibition and eposters with coffee and pastries

09.55 Welcome, housekeeping and introductions
Mr. Tim Fulcher, Dublin

10.05 Session I
Eyelid Update
Chaired by Mr. Steve White, Belfast & Mr. Saj Ataullah, Manchester

10.10 My approach to ectropion
Mr. Andy Gibson, Middlesbrough

10.22 My approach to lower lid entropion
Mr. Bijan Beigi, Norwich

10.34 My approach to upper lid entropion
Mr. Aidan Murray, Birmingham

10.46 My approach to upper eyelid retraction
Prof. Tim Sullivan, Queensland, Australia

10.58 My approach to lower lid retraction
Mr. Naresh Joshi, London

11.10 Simplified frontalis sling
Dr Peter Dolman, Vancouver, Canada

11.30 Tea, Coffee and eposters at the trade exhibition

12.00 Session II
Orbit Update
Chaired by Mr. Brian Leatherbarrow, Manchester & Mr. Princeton Lee, Dublin

12.00 Evaluation of an orbital mass
Mr. Bijan Beigi, Norwich

12.30 Surgical approaches to the orbit
Prof. Tim Sullivan, Queensland, Australia

13.00 Optic nerve sheath fenestration: Indications, approaches and outcomes
Dr Peter Dolman, Vancouver, Canada

13.30 Lunch and eposters at the trade exhibition
14.30 **Session III**  
**Lacrimal Update**  
Chaired by Mr Colin Vize, Hull & Mr. Hunter Maclean, Portsmouth

14.30 Assessment of lacrimal outflow - “what’s practical / what’s not”  
Mr. Andrew Pearson, Berkshire

15.00 The role of tubes in lacrimal surgery  
Miss Jane Olver, London

15.30 **Tea, Coffee and eposters at the trade exhibition**

16.00 **Session IV**  
**Recent Advances**  
Chaired by Ms Patricia Logan, Dublin & Miss Carole Jones, Maidstone

16.00 Corneal neurotisation  
Mr. Raman Malhotra, East Grinstead

16.30 Cyberknife/stereotactic radiotherapy for orbital neural tumours and cavernous sinus disease  
Dr Clare Faul, Consultant Radiation Oncologist, Dublin

17.00 Diagnosis and management of carotico-cavernous fistulas/dural shunts  
Dr Paul Brennan, Consultant Neuroradiologist, Dublin

17.30 **Welcome Reception at Dublin City Hall, Dame Street**  
*Sponsored by Théa Pharmaceuticals*

19.00 Close and evening free
08.15  Registration at the Exhibition and eposters with coffee and pastries

08.50  Welcome, housekeeping and introductions
       Mr. Gerry Fahy, Galway

08.55  Session I
       Free Papers
       Chaired by Mr. Austin McCormick, Aintree & Mr. Jeremy Bowyer, Stoke on Trent

08.55  National incidence of malignant eyelid tumours in Ireland 2005-2015 - Clare Quigley
09.00  17 years experience of periorcular basal cell carcinoma in the under 40 population, within a ‘one-stop tumour clinic’ - Ed Saxby
09.05  Where did my Tumour Go? : Absence of Residual Basal Cell Carcinoma in Re-excised Specimens, a 10-year Review - Lindsay McGrath
09.10  Recurrence of basal cell carcinomas following surgical excision - is 5 years surveillance necessary? - Fabila Murta
09.15  Long-term outcome of eyelid melanoma - John Bladen
09.20  The genetics of sebaceous gland carcinoma - Saul Rajak
09.25  The Propeller Flap - a revolutionary technique in periocular reconstruction - Jonathan Morton
09.30  The tunnelled midline forehead island flap - an elegant single-stage flap for inner canthal reconstruction - Jonathan Morton
09.35  Efficacy of Porcine Acellular Dermal Matrix in the Management of Lower Eyelid Retraction: Case Series - Lindsay MMcGrath
09.40  A New Audit Tool for Oculoplastic Surgical Outcome Data - Clare Inkster
09.45  Evaluating hair cycle stage in eyelash follicles: a pilot study - James Laybourne
09.50  Ideal Angle of Lester Jones Tube placement as studied in Thiel-embalmed human cadavers - Egle Rostron

10.00  Session II
       Keynote Lecture
       Eyelid malignancies and eyelid reconstruction
       Prof. Tim Sullivan, Queensland, Australia

10.30  Tea, Coffee and eposters at the trade exhibition

11.00  Session III
       Orbital inflammatory disease symposium
       Chairman –Miss Rachna Murthy, Cambridge & Mr Gerry Fahy, Galway

11.00  Diagnostic dilemmas in orbital inflammatory disease
       Mr. Paul Cauchi, Glasgow

11.20  Immunosuppression and treatment of IOID
       Prof. Geraldine McCarthy, Consultant Rheumatologist, Dublin
11.45  Squint surgery in orbital disease  
Miss Gill Adams, London

12.15 Session IV  
Free Papers  
Chaired by Miss Rizwana Khan, Dublin & Miss Rebecca Ford, Bristol

12.15 Thyroid Eye Disease in Primary auto - immune Hypothyroidism - Laura Abbeel  
12.20 A nomenclature to describe the longitudinal sequence of visual field defects in progressive thyroid eye disease compressive optic neuropathy - Suzanne Freitag  
12.25 Facial Expression Analysis Software in the Objective Assessment of Perceived Emotional State in Thyroid Eye Disease - Matthew Edmunds  
12.30 Early Low Dose Rituximab for Active Thyroid Eye Disease: An Effective and Well Tolerated Treatment - Jonathan Norris  
12.35 Mycophenolate mofetil plus systemic steroid in active Graves' orbitopathy (GO): a review of clinical and safety outcomes. - Jonathan Kirk  
12.40 Grading the clinical severity of epiphora: the TEARS score - Chris Schulz  
12.45 Developing a Quality of Life Measure for Patients with Epiphora - Chris Schulz  
12.50 Long-term outcomes of endoscopic endonasal dacryocystorhinostomy - Sohraab Yadav  
12.55 Lacrimal Scintigraphy in practice: Correlation of imaging with surgical outcome. - Priscilla Mathewson

13.00 Lunch and eposters at the trade exhibition

14.00 Session V  
Round Table Discussions

15.00 Tea, Coffee and eposters at the trade exhibition

15.30 Session VI  
Socket symposium  
Chaired by Mr. Tim Fulcher, Dublin & Mr Bernie Chang, Leeds

15.30 Background and aims of the Association of British Ocularists  
Mr Robin Brammar, Ocularist, Cheshire / Dublin

15.40 Management of exposed orbital implants  
Mr. Cornelius René, Cambridge

16.05 Post enucleation socket syndrome  
Dr Peter Dolman, Vancouver, Canada

16.35 Paediatric anophthalmic socket  
Mr. Manoj Parulekar, Birmingham

17.00 AGM

17.30 Close

19.15 Gala Dinner in Guinness Storehouse, St James’s Gate
08.15  Registration at the Exhibition and eposters with coffee and pastries

08.50  Welcome, housekeeping and introductions
        Mr. Tim Fulcher, Dublin

08.55  Session I
        Free Papers
        Chaired by – Mr. Brendan Lacey, Belfast & Mr Sean Chen, Galway

08.55  Adenoid cystic carcinoma of the lacrimal gland: Survival outcomes from a Dutch Orbital Centre - Raji Joganathan

09.00  Use of simultaneous surgical tumour excision and brachytherapy in orbital malignancies - Raji Joganathan

09.05  Intensity modulated radiotherapy (IMRT): A vision preserving treatment in optic nerve sheath & peri-optic nerve meningiomas - Stephanie Chiu

09.10  Orbital Rhabdomyosarcoma: Late Effects - Connor Malone

09.15  Orbital lymphoma in an Irish cohort from 2008 to 2018. - Michaël O'Rourke

09.20  The incidence of primary malignant orbital tumours in England over a fifteen year period (2000 - 2014) - Johnathan Than

09.25  Management of orbital cellulitis – Southampton experience - Maria de Bono Agius

09.30  Orbital Mycoses in an Adult Subtropical Population – Tim Sullivan

09.35  Management of Acute Retrobulbar Haemorrhage: A Survey of Non-Ophthalmic Emergency Department Physicians - Matthew Edmunds

09.40  UK Prospective National Surveillance of the incidence of Emergency Canthotomy & Cantholysis - Jonathan Roos

09.45  Endovascular treatment of carotid - cavernous sinus fistulas: ophthalmic and visual outcomes at the Royal Brisbane and Women's Hospital. - Yun Wong

09.50  Customized polyetherketone (PEEK) implants in the reconstruction of orbital defects - Fiona Jazayeri

10.00  Session II
        Keynote Lecture
        Trends and controversies in DCR surgery
        Dr Peter Dolman, Vancouver, Canada

10.30  Tea, Coffee and eposters at the trade exhibition

11.00  Session III
        Orbital Symposium
        Chaired by Mr Cornelius René, Cambridge & Mr Chris McLean, Surrey

11.00  Blunt and penetrating orbital trauma
        Prof. Tim Sullivan, Queensland, Australia

11.30  Paediatric orbital tumours
        Mr. Sachin Salvi, Sheffield
11.50 Adjunctive treatment in rhabdomyosarcoma  
   Dr Michael Capra, Consultant Paediatric Oncologist, Dublin

12.10 Radiotherapy: friend or foe  
   Mr. David Verity, London

12.30 BOPSS Nottingham 2019

12.35 **Lunch and eposters at the trade exhibition**

13.30 **Session IV**  
   **Cosmetic Symposium**  
   Chaired by Mr Bijan Beigi, Norwich & Mr Hugo Henderson, London

13.30 Botulinum toxin and laser resurfacing: is it enough?  
   Miss Kate Coleman, Dublin

13.55 Aesthetic intervention induced visual loss  
   Mr. Saj Ataullah, Manchester

14.20 Management of filler complications  
   Miss Rachna Murthy, Cambridge

14.45 Structural fat grafting  
   Mr. Brian Leatherbarrow, Manchester

15.15 Prizes and awards, and announcements

15.25 **Close of Meeting**

   **BOPSS 2019 in Nottingham, 19-21st June 2019**
