

**Joint workshop BOPSS, APSOPRS and AFSOPRS
Trauma and Aesthetics
Tuesday 16th June 2026 (10am-5pm)
Workshop Director: Mr Sachin Salvi, Sheffield
Memorial Hall at City Hall, Sheffield**

09.00 Registration with tea, coffee

09.50 Housekeeping

Mr Akash Dharni, Sheffield

09.55 Welcome and introductions

Mr Sachin Salvi, Consultant Ophthalmologist, Sheffield, Workshop Director

10.00 Orbital fractures repair and reconstruction workshop

Chief Instructor: Prof Kasturi Bhattacharjee

10.03 Professor Kasturi Bhattacharjee introduction to APSOPRS and their faculty

10.06 Professor Hamzah Mustak introduction to AFSOPRS and their faculty

10.09 Mr Nicholas Lee, introduction to BOPSS and their faculty; joint trauma clinics

10.12 Orbital anatomy & fracture classification (floor, medial wall, ZMC, roof) – Professor Kasturi Bhattacharjee, Sri Sankaradeva Nethralaya Hospital, India

10.20 Clinical evaluation & imaging (CT interpretation, red flags, surgical indications) – Dr Nattawut Wanumkarng, Bumrungrad International Hospital, Thailand

10.28 Timing & surgical decision-making (early vs delayed repair, trapdoor fractures) – Professor Hamzah Mustak, Groote Schuur Hospital, South Africa

10.36 Surgical approaches - (transconjunctival, trans-caruncular, endoscopic overview) – Dr Milind Naik, LV Prasad Eye Institute, India

10.42 Implants & materials – Mr Nicholas Lee, Consultant Maxillofacial Surgeon, London

10.50 Complications & secondary reconstruction – Mr Andrew Coombes, London

11.00 Hands on simulation-based training (small groups, faculty guided) on pigs head and 3D printed models. This 120-minute component will focus on delegates gaining training on surgical management bony orbital trauma. Lid and orbital trauma will be discussed conceptually but not included in hands-on stations to keep the workshop focused and practical.

Faculty

APSOPRS:

Kasturi Bhattacharjee, India, Milind Naik, India, Kelvin Chong, Hong Kong, Purnima Sthapit, Nepal, Yvette Santiago-Gatmainthan, Philippines, Nattawut Wanumkarng, Thailand

AFSOPRS

Hamzah Mustak, South Africa, Maanda Mabogo, South Africa, Mpopo Lenake, South Africa

BOPSS

Nick Lee, London, Lucy Clarke, Newcastle, Andrew Coombes, London

13.00 Lunch and meet the faculty and sponsors

14.00 Oculo-facial injectables

Chief Instructor: Prof Kasturi Bhattacharjee

14.00 Welcome to the afternoon workshop

Mr Sachin Salvi, Sheffield, Workshop Director

Welcome; introduction of course chairs and faculty

14.04 Anatomical considerations; assessment of face and aging changes/ GLP1 changes – Dr Shubhra Goel, Apollo Health City, Hyderabad

14.12 Basics of Botulinum toxin – Dr Milind Naik, LV Prasad Eye Institute, India

14.20 Upper and lower face Botulinum toxin Injection techniques – Miss Laura Hughes, Edinburgh

14.28 Basics of filler rheology – Dr Stephanie Young, Eagle Eye Centre, Singapore

14.36 Periocular filler injection techniques – Miss Sabrina Shah-Desai, London

14.44 Midface + filler injection techniques – Professor Kasturi Bhattacharjee, Sri Sankaradeva Nethralaya Hospital, India

14.52 Filler related complications - Professor Hamzah Mustak, Groote Schuur Hospital, South Africa

15.00 Hands on small groups, faculty-guided simulation-based training on mannequins. Delegates will spend 1 hour on botulinum toxin injections and 1 hour of filler injections.

Faculty

APSOPRS

Kasturi Bhattacharjee, India, Milind Naik, India, Shubhra Goel, India, Stephanie Young, Singapore, Yvette Santiago-Gatmainthan, Philippines, Nguyen Thi Thu Hien, Vietnam

AFSOPRS

Hamzah Mustak, South Africa

BOPSS

Sabrina Shah-Desai, London, Adriana Kovacova, Liverpool, Adam Bull, Manchester, Laura Hughes, Edinburgh

PROGRAMME

UPDATE Day – oncology themed Wednesday 17th June 2026

- 08.30 Registration with refreshments at the exhibition, posters and videos in the Ballroom, North and South Halls**
- 08.50 Welcome, housekeeping and introductions**
Mr Sachin Salvi, Sheffield
- 09.00 Oncology
Chaired by Ms Claire Daniel, London and Mr Colin Vize, Hull
- 09.00 Eyelid oncology – Dr Fairouz P Manjandavida, HORUS Specialty Eye Care
- 09.30 Lacrimal outflow oncology – Mr David Verity, London
- 09.50 Keynote:
Orbital oncology – Dr Santosh G. Honavar, Director, Centre for Sight, Hyderabad
- 10.20 Refreshments at the exhibition, posters and videos in the Ballroom, North and South Halls**
- 10.50` Oncology
Chaired by Miss Lucy Clarke, Newcastle Mr Bernie Chang, Leeds
- 10.50 Craniofacial tumours surgical management – Mr Iain Varley, Consultant Maxillofacial Surgeon, Sheffield
- 11.10 Head and neck MDT - Lymph node metastasis – Miss Nicola Stobbs, Consultant ENT Surgeon, Sheffield
- 11.30 Radiation and medical oncology – Dr Caroline Bridgewater, Consultant Clinical Oncologist, Sheffield
- 12.00 Keynote:
Molecular diagnostics in Cancer , past present and future - Dr Shreerang Bhide, Consultant Clinical Oncologist, London
- 12.30 Lunch break at the exhibition, posters and videos in the Ballroom, North and South Halls**
- 13.30 Chaired by Mr Manoj Parulekar, Birmingham and Miss Sri Gore, London
- 13.30 Mock MDT highlighting clinic-radio-pathological co-relations: cases presented by Miss Camilla Pagnacco, Senior Clinical Fellow, Mr Subhav Pershad, Senior Clinical Fellow, Harsh Lathiya, Consultant Radiologist, Dr Hardeep Singh Mudhar, Consultant Ophthalmic Pathologist, Sheffield
- 14.10 Skull base tumours – Mr Yahia Al-Tamimi, Consultant in skull base and oncology

neurosurgery, Sheffield

14.30 Keynote:

Paediatric orbital tumours – Dr Celeste Mansilla, Hospital de Pediatría Garrahan, Argentina

15.00 Refreshments at the exhibition, posters and videos in the Ballroom, North and South Halls

15.30 APSOPRS and AFSOPRS symposium

Chaired by Prof Kasturi Bhattacharjee, India and Prof Hamzah Mustak, South Africa

Welcome by Prof Kasturi Bhattacharjee, India and Prof Hamzah Mustak, South Africa

15.31 Birth of AFSOPRS - Prof Hamzah Mustak, South Africa

15.35 Approach to festoons and lower peri-ocular rejuvenation - new insights and emerging treatments - Prof Hamzah Mustak, South Africa

15.42 The African eye: culturally conscious approaches to periorcular aesthetics – Dr Maanda Mabogo, South Africa

15.49 Oculoplastic practice in Africa: bridging disparities in access, care and aesthetics – Dr Mpopi Lenake, South Africa

15.56 25 years of APSOPRS-The Asia Pacific perspective by Prof Kasturi Bhattacharjee, India

16.00 Biofillers for facial rejuvenation and as veneers for socket reconstruction - Prof Kasturi Bhattacharjee, India

16.07 insights into ophthalmic plastic surgery: personal lessons – Dr Milind Naik, India

16.14 Redefining Xanthelasma management: plasma energy insights from the Indian experience – Dr Shubhra Goel, India

16.21 Asian blepharoplasty: current trends and techniques – Dr Stephanie Young, Singapore

16.28 SEAL - Scarless Eyelid Augmentation and Lift – Dr Alice Goh, Malaysia

16.35 Involutional entropion in the elderly: pathophysiology and surgical approaches – Dr Nguyen Thi Thu Hien, Vietnam

16.42 Optimizing tear trough rejuvenation: the role of skin boosters and energy-based devices – Dr Yvette Santiago Gatmaithan, Philippines

16.49 Endoscopic orbital surgery: the good, the bad, the future – Dr Kelvin Chong, Hong Kong

16.56 Medial canthal reconstruction using miniplate fixation – Dr Purnima R Sthapit, Nepal

17.03 From digital anatomy to surgical precision: redefining success in endoscopic DCR flap suturing – Dr Nattawut Wanumkarng, Thailand

17.10 Discussion

17.30 Meeting close

18.00 Welcome Reception at the Winter Gardens

19.30 Evening free

Nurses programme on Wednesday afternoon
Memorial Hall at City Hall, Sheffield
Wednesday 17th June 2026

13.30 Welcome, housekeeping and introductions

Miss Christine Putri, Manchester Royal Eye Hospital

13.30 The nursing role in oculoplastic, lacrimal and orbital care – Mr John Cooper, Lead Advanced Clinical Practitioner, Manchester

13.40 Applied oculoplastic, orbital and lacrimal anatomy and basic clinical examination – Miss Ruth Darbyshire, Harrogate

13.55 Around the eye in 10 Minutes – Miss Christine Putri, Fellow, Manchester

14.05 Preparing patients for eye removal: a holistic nursing approach

Part 1: Enucleation and evisceration – Miss Saadia Chadhury, Royal Hallamshire Hospital

Part 2: Orbital exenteration – Ms Harri Whiteley, Orbital Clinical Nurse Specialist, Sheffield

14.30 Delivering difficult news – Ms Nesty Augustine, Clinical Specialist Nurse in Ocular Oncology, Sheffield

14.45 Developing a nurse-led oncology surveillance pathway – Ms Jade Ashmore & Ms Michelle Ramsden, Oculoplastic Nurse Practitioners, Sheffield

15.00 Refreshments at the exhibition, posters and videos in the Ballroom, North and South Halls

15.30 Management of blepharitis – Mr Ben While, Wye Valley NHS Trust

15.45 Chalazion management – Mr Subhav Pershad, Fellow, Sheffield

16.00 Excision, incision and biopsy techniques – Miss Camilla Pagnacco, Fellow, Sheffield

16.15 Botulinum toxin treatment for blepharospasm and epiphora - Dr Nicola Dunlop, Adnexal Nurse Consultant, Moorfields

16:30 Nasolacrimal irrigation – Mr Ahmed Zewar, TSC Fellow, Sheffield

16:45 Punctal Plug – Caitlin Gallon, Specialist Nurse Oculoplastics, Newcastle

16.55 Orbital floor injection - Ms Harri Whiteley, Orbital Clinical Nurse Specialist, Sheffield

17.05 Periocular and orbital wound dressing and socket care

Part 1: Skin wounds, post-enucleation and evisceration sockets – Mr John Cooper, Lead Advanced Clinical Practitioner, Manchester

Part 2: Post-exenteration care – Miss Harri Whiteley, Orbital Clinical Nurse Specialist, Sheffield

17.25 Meeting close

18.00 Welcome Reception at the Winter Gardens

Thursday 18th June 2026

08.00-10.00 *Basic Oculoplastics (OCP) Procedures for medical students, F1 & F2 and trainees ST1-ST5 (ticketed event) held at Royal Hallamshire Hospital*

08.00- 10.00 *Advanced Oculoplastics (OCP) Procedures for ST5 & ST6, TSC and Fellows held at Royal Hallamshire Hospital*

BOPSS SCIENTIFIC MEETING

DAY ONE

Thursday 18th June 2026

08.00 Registration with refreshments at the exhibition, posters and videos in the Ballroom, North and South Halls

Oval Hall

08.45 Welcome, housekeeping and introductions

Mr Sachin Salvi, Sheffield

09.00 Free paper presentations

Chaired by Ms Tarang Gupta, London and Mr Saj Ataulah, Manchester

09.05 Thyroid Eye Disease (TED) associated with immune reconstitution therapy (IRT) in Multiple Sclerosis (MS) patients - Anshul Radotra, Imperial College Healthcare NHS Trust [view abstract](#)

09.10 Efficacy, Safety, and Quality of Life at Week 15: THRIVE-2 Phase 3 Trial of Veligrotug in Chronic Thyroid Eye Disease (TED) - Jimmy Uddin, Moorfields Eye Hospital [view abstract](#)

09.15 THRIVE Phase 3 Trial of Veligrotug for Active Thyroid Eye Disease (TED): Patient Level Characterization of Proptosis Response - Vickie Lee, Imperial College Healthcare NHS Trust [view abstract](#)

09.20 Evaluation of a Multidisciplinary Immunosuppression Clinic for Thyroid Eye Disease - Anu Karthikeyan, Liverpool University Hospitals [view abstract](#)

09.25 withdrawn

09.30 Evaluating the role of transorbital neuroendoscopic surgery (TONES) in the management of orbital involvement in craniofacial fibrous dysplasia - Anika Nanda, Queen Elizabeth Hospital, Birmingham [view abstract](#)

09.35 The Leaking Brain: Minimally Invasive TONES Repair of Lateral Skull Base CSF Leak – A Two-Case Series - Amelia Lim, University Hospitals Birmingham NHS Foundation Trust [view abstract](#)

09.40 Skin Optical Coherence Tomography in Suspected Periocular Basal Cell Carcinoma - Sveina Björk Karlsdóttir, Department of Ophthalmology, Vejle Hospital, University Hospital of Southern Denmark [view abstract](#)

09.45 Keynote:

Oncological principles in the management of orbital tumours can optimise the outcomes - Dr Santosh G. Honavar, Centre for Sight, Hyderabad

10.15 Free paper presentations

Chaired by Ms Tarang Gupta, London and Mr Saj Ataulah, Manchester

- 10.17 Paediatric Ptosis Surgery in Northern Ireland: A 5 Year Retrospective Case Series - Nicola Parker, Royal Victoria Hospital [view abstract](#)
- 10.22 Frontalis Suspension for Myopathic Ptosis: A safe intervention with high patient satisfaction at the Newcastle Eye Centre - William Hodgkinson, Royal Victoria Infirmary [view abstract](#)
- 10.27 Transverse Superior Fascial Expansion (TSFE) for the Management of Severe Ptosis: A Functional and Aesthetic Approach - Hien Nguyen, Vietnam National Eye Hospital [view abstract](#)
- 10.32 Apraxia of Eyelid Opening: a review of aetiology-based treatments and outcomes - Yasaman Salari, Sussex Eye Hospital [view abstract](#)
- 10.37 Alternative to Hughes Tarsconjunctival Flap in Reconstruction of Large Lower Eyelid Defects - Suresh Sagili, Royal Shrewsbury Hospital [view abstract](#)
- 10.42 Diagnosis Rather Than Technique Determines Revision Risk in Lower Eyelid Retraction Repair: A Five-Year Tertiary Referral Centre Experience - Nazan Acar Eser, Royal Free NHS Foundation Trust [view abstract](#)
- 10.47 Comparison of Skin Grafts versus Flaps in the Reconstruction of Periocular Defects - Romanos Tompler, Nottingham University Hospitals NHS Trust [view abstract](#)
- 10.52 Do We Really Need to Reconstruct? Spontaneous Lateral Canthal Healing After Emergency Canthotomy–Cantholysis for Orbital Compartment Syndrome: A 10 Year Retrospective Series - Camilla Pagnacco, Sheffield Teaching Hospital [view abstract](#)

10.57 Moderator's round up

11.00 Refreshments at the exhibition, posters and videos in the Ballroom, North and South Halls

11.30 Lids

Chaired by Mrs Anjana Haridas, Wales and Miss Rajni Jain, London

11.30 Upper eyelid laxity: Floppy eyelid syndrome – Dr Lindsay McGrath, Australia

11.45 Lower eyelid /medial canthal tendon laxity – Mr Austin McCormick, Liverpool

12.00 Keynote:

Eyelid /ocular surface rehabilitation in facial palsy / combined facial and other CN palsy - Professor Dan Rootman, Doheny Eye Institute, Los Angeles

12.30 Lunch at the exhibition, posters and videos in the Ballroom, North and South Halls

12.45 Presented e-poster session in Arches Bar

Link to view the submissions online

www.bopss.co.uk/meetings/bopss-2026-sheffield/sheffield-2026-presented-e-posters-thursday/

Screen one: Technology, education and service development

12.45 pm	<i>Artificial Intelligence on a Smartphone Versus the Ruler: Objective Measurement of Ptosis Severity</i>	Christine Safieh
12.48 pm	<i>Artificial Intelligence Simulation of Ptosis Surgery: A Pilot Study Predicting Postoperative Outcomes and Patient Satisfaction</i>	George Kalantzis
12.51 pm	<i>Training the Oculoplastic Surgeon: A Scoping Review of Simulation-Based Education</i>	Rebecca Jones
12.54 pm	<i>Assessing the Impact of a Video-based Educational Intervention on Clinicians' Confidence in Performing Lateral Canthotomy and Cantholysis</i>	Parushak Rezaei

12.57 pm	<i>Virtual Clinics in an Oculoplastics Service at Nottingham: A Pilot Study</i>	Deepa Rathore
13.00 pm	<i>Robotics for the Trans-Orbital Corridor: Review and Emerging Technologies</i>	M Mirzarakhimov
13.03 pm	<i>Bone protection in TED Patients receiving IVMP: A service improvement project</i>	Mumta Kanda
13.06 pm	<i>Intravenous Methylprednisolone Treatment Failure in Thyroid Eye Disease: A 2-Year Real-World Retrospective Cohort Study</i>	Jean-Paul Rinne
13.09 pm	<i>Ocular cicatricial pemphigoid in a UK tertiary oculoplastics service - The Leicester experience</i>	Agni Mokka

Screen two: Oncology, pathology and orbital disease

12.45 pm	<i>Deceptively Benign: Lessons From Nine Years of Staged Excisions</i>	Sarah O'Beirne
12.48 pm	<i>A rare case of lower eyelid "pleomorphic" dermal sarcoma masquerading as a basal cell carcinoma</i>	Rynda Nitiahpapand
12.51 pm	<i>Periocular Malignancies and Microanatomical Paths of Least Resistance: A Case Series and Literature Review</i>	Ahmed Zewar
12.54 pm	<i>Primary orbital low grade fibromyxoid sarcoma in a 12-year-old - A case report</i>	Simon Merrick
12.57 pm	<i>Globe Salvage Versus Exenteration in Nasolacrimal Squamous Cell Carcinoma: Outcomes from a Tertiary Unit</i>	Bayan Shahin
13.00 pm	<i>Eyelid squamous cell carcinoma: are long-term outcomes improving over time?</i>	Mario Frank Farrugia
13.03 pm	<i>Saving Sight Through the Orbit: TONES-Assisted Dual-Corridor Debulking of Orbital Rhabdomyosarcoma in Pregnancy</i>	Husnain Shah
13.06 pm	<i>Recurrent and Refractory Dacryocystitis as a Manifestation of IgG4-Related Disease: Two Cases with Different Presentations</i>	Lucy Li
13.09 pm	<i>3-year audit of novel high volume Integrated Practice Unit (IPU) approach to peri-ocular skin cancer management at the Skin Cancer Unit, Guy's and St Thomas' Hospital</i>	Munazzah Chou

Screen three: Lacrimal, reconstructive and clinical cases

12.45 pm	<i>Clinical Outcomes of Posterior Lamellar Tarsal Rotation for Entropion at the Sussex Eye Hospital: A 10-Year Retrospective Review</i>	Anthony Loizides
12.48 pm	<i>A Comparative Study of MR Dacryocystography, Dacryocystography, and Dacryoscintigraphy in Lacrimal Drainage Dysfunction</i>	Yasaman Salari
12.51 pm	<i>Going to Greece on your holiday? Come back with more than a tan! A case of EBV positive NK/T cell Lymphoma of the lacrimal sac presenting with recurrent dacryocystitis and an overview of the literature.</i>	Nameer Rahman
12.54 pm	<i>Can a collaborative surgical approach reduce post-operative sequelae following orbital abscess drainage? A retrospective cohort study</i>	Philomena Mcnamara
12.57 pm	<i>Pacemaker syndrome as a masquerade of carotid-cavernous fistula</i>	Anugraha Krishna
13.00 pm	<i>Lacrimal Gland Biopsy: Diagnostic Yield and Safety Profile from a 14-Year Retrospective Audit in a Tertiary Referral Centre.</i>	Clea Southall
13.03 pm	<i>Cicatricial Upper Eyelid Ectropion Secondary to Self-Inflicted Skin Trauma in Delusional Parasitosis</i>	Caoimhe Normile
13.06 pm	<i>Modified Uses of the Recognised Hughes Flap</i>	Abdi Malik Musa
13.09 pm		Amelia Davidson

13.30 Session: Personal Perspectives

Chaired by Miss Fiona Robinson, London and Miss Ruth Darbyshire, Harrogate

13.30 How to train your trainee! – Miss Zanna Currie, Sheffield

13.50 How long can I go before I get sued? – Mr Saul Rajak, Brighton

14.10 How to cope.... ? – Miss Jennifer Tan, Sheffield

14.30 What I learned along the way – Miss Michèle Beaconsfield, London

15.00 Refreshments at the exhibition, posters and videos in the Ballroom, North and South Halls

- 15.30 Session: Orbit
Chaired by Mr Jimmy Uddin, London and Mr Raghavan Sampath, Leicester
- 15.30 Vascular tumours in children - Dr Celeste Mansilla, Hospital de Pediatría Garrahan, Argentina
- 15.50 Non-malignant orbital tumours in adults - Dr Santosh G. Honavar, Centre for Sight, Hyderabad
- 16.10 Transorbital and endoscopic surgery - past present and future - Professor Hamzah Mustak, Groote Schuur Hospital, South Africa
- 16.30 Unbalanced orbital decompression in TED: devil's advocate - Dr Milind Naik, LV Prasad Eye Institute, India
- 16.50 Thyroid Eye Disease: personal perspective from California - Professor Dan Rootman, Doheny Eye Institute, Los Angeles
- 17.10 Panel discussion
- 17.30 AGM for full BOPSS members only**
- 18.15 Venue close**
- 19.00 BOPSS Annual dinner at the Cutler's Hall (ticketed event)**

BOPSS SCIENTIFIC MEETING

DAY ONE

Friday 19th June 2026

07.00 Social activities

<https://www.bopss.co.uk/meetings/bopss-2026-sheffield/social/>

08.00 Registration with refreshments at the exhibition, posters and videos in the Ballroom, North and South Halls

Oval Hall

08.45 Welcome, housekeeping and introductions

Mr Sachin Salvi, Sheffield

09.00 Free paper presentations

Chaired by Mr Vikas Chadha, Scotland and Ms Manvi Sobti, London

09.05 Topilase® Topical Enzymatic Management of Periocular Hyaluronic-Acid Filler Complications: A Retrospective Study - Arnaud Potvin, The Ezra Clinic [view abstract](#)

09.10 Sickness Certification Post-Oculoplastic Surgery: A National Survey on Current Practices - Owen Kennedy, Royal Hallamshire Hospital [view abstract](#)

09.15 Perception of the title 'surgeon' amongst Doctors and the Public – a mark of competence or a marketing tool? - Arshi Kabir Baig, Milton Keynes University Hospital [view abstract](#)

09.20 Bilateral Cryptophthalmos with Spontaneous Eyelid Separation and Unilateral Cataract in a Preterm Neonate - Carina Mouritsen Luxhoj, The Western Eye Hospital/Imperial College Healthcare NHS Trust [view abstract](#)

09.25 Comparing Direct and Indirect Corneal Neurotisation in the Management of Neurotrophic Keratopathy: Insights from a Single Centre - Wessam Mina, BHRUT, Queen's Hospital [view abstract](#)

09.30 Diagnostic Accuracy of Artificial Intelligence for the Detection of Malignant Eyelid Tumors from Photographic Images: A Systematic Review and Meta-Analysis - Andreas Katsimpris, Princess Alexandra Eye Pavilion [view abstract](#)

09.35 Reconsidering Orbital Exenteration in Malignant Lacrimal Sac Tumours: Evidence from a Tertiary Cohort - Maria Varughese, Moorfields Eye Hospital and University College London [view abstract](#)

09.40 Orbital exenteration and reconstruction – Evolving trends at a tertiary UK institution - Balazs Fazekas, QMC- Nottingham University Hospitals [view abstract](#)

09.45 Keynote:

Optimizing Outcomes in Socket Rehabilitation – Dr Francesco Quaranta Leoni, Tiberia Hospital - GVM Care & Research - Rome

10.15 Free paper presentations

Chaired by Mr Vikas Chadha, Scotland and Ms Manvi Sobti, London

10.15 Surgical Management of Paediatric Lacrimal Disease: A 10-Year Tertiary Centre Review - Kit May Chow, Leeds Teaching Hospital NHS Trust [view abstract](#)

- 10.20 Do Lacrimal Bypass Tubes Require Long-Term Annual Follow-Up? Survival and Failure Patterns from a 13-Year Cohort - Simrun Virdee, Moorfields Eye Hospital [view abstract](#)
- 10.25 Outcomes of Paediatric Endoscopic Dacryocystorhinostomy for Congenital Nasolacrimal Duct obstruction without Intubation - Dharshana Ramanathan, Queen Victoria Hospital, East Grinstead, UK [view abstract](#)
- 10.30 Complications of Cerebrospinal Fluid breach during Endoscopic Dacryocystorhinostomy - Simerdip Kaur, Queen Victoria Hospital, East Grinstead [view abstract](#)
- 10.35 Outcomes of External and Endonasal Dacryocystorhinostomy (DCR): A 5-Year Retrospective Study of Surgical Success versus Patient-Reported Outcomes - Helia Esna-Ashari, Royal Devon and Exeter Hospital [view abstract](#)
- 10.40 Dermal matrix templates in periocular reconstruction – Integra vs Biodegradable Temporising Matrix: How to choose and achieve the best outcomes - Namita Mathews, Royal Bolton Hospital [view abstract](#)
- 10.45 Dermal white adipose tissue for upper eyelid posterior lamella reconstruction - Ahmed Magid Wanas, Norfolk and Norwich University Hospitals NHS Foundation Trust [view abstract](#)
- 10.50 Mucous Membrane Grafting for Ocular Surface Reconstruction: A 10-Year Retrospective Study - Stuti Doshi, University of Buckingham [view abstract](#)
- 10.55 Impact of a novel tissue-preserving transcutaneous lower-lid blepharoplasty on orbicularis oculi function: A prospective case-control study - John Vekinis, Western Eye Hospital, Imperial College Healthcare NHS Trust [view abstract](#)

11.00 Refreshments at the exhibition, posters and videos in the Ballroom, North and South Halls

- 11.30 Keynote lectures: tech based
Chaired by Mr Raman Malhotra, East Grinstead and Miss Sarah Levy, Plymouth
- 11.30 Keynote:
Management of complex orbital and optic canal fractures using GPS navigation and patient-specific implants – Professor Kasturi Bhattacharjee, Sri Sankaradeva Nethralaya Hospital, Guwahati, India
- 12.00 Keynote:
Corneal neurotisation-the South African experience – Professor Hamzah Mustak, Groote Schuur Hospital, South Africa

12.30 Lunch at the exhibition, posters and videos in the Ballroom, North and South Halls

- 13.30 Annual prize giving
- 13.40 BOPSS 2027 – Newcastle upon Tyne, UK
- 13.50 Aesthetics
Chaired by Mr Daniel Ezra, London and Miss Laura Hughes, Edinburgh
- 13.50 Thinking beyond botulinum toxin and fillers – Dr Shubhra Goel, Apollo Health Centre, Hyderabad
- 14.10 Keynote:
From Correction to Perfection: Ptosis Surgery in Aesthetic Practice – Dr Francesco

Quaranta Leoni, Tiberia Hospital - GVM Care & Research, Rome

- 14.40 Keynote:
From blepharoplasty to midface lift: a journey of facial harmony - Professor Kasturi Bhattacharjee, Sri Sankaradeva Nethralaya Hospital, India
- 15.00 Refreshments at the exhibition, posters and videos in the Ballroom, North and South Halls**
- 15.30 Clash of the Titans
Chaired by Mr David Verity, London, Miss Branka Marjanovic, London and Mr Ric Caesar, Cheltenham
- 15.30 Enucleation vs evisceration surgery - Miss Lindsay McGrath, Australia vs Mr Ric Caesar, Cheltenham
- 15.55 Frontalis flap surgery is the future of complex ptosis management vs brow suspension surgery will remain the gold standard – Mrs Katya Tambe, Nottingham vs Dr Fairouz Manjandavida, India
- 16.20 No surgical management vs surgical management in eyelid retraction – Dr Milind Naik, India vs Miss Anne Cook, Manchester
- 16.45 Medical management is the future of proptosis management in TED versus surgical management will remain the gold standard – Miss Vickie Lee, London vs Dr Dan Rootman, Los Angeles
- 17.10 Closing remarks**
- 17.15 BOPSS farewell**
- 17.20 END**
